### To the Ordinary Shareholders, and for information only, to the holders of Options and Warrants over Ordinary Shares

Dear Shareholder

This document provides the formal notice (the "Notice") of the 2019 Annual General Meeting and Special Meeting of the Company to be held at the offices of Farrer & Co LLP, 20/23 Lincoln's Inn Fields, London WC2A 3LH, England on 14 June 2019 at 3.30pm (London time) (the "Meeting"). This document also includes additional information that the Company as a "reporting issuer" in Canada is required to make available pursuant to the requirements of National Instrument 51-102 – Continuous Disclosure Obligations ("NI 51-102") of the Canadian Securities Administrators.

### Background

The matters being considered at the 2019 Annual General Meeting and Special Meeting set out in the Notice are for the most part, items that are routinely considered at such meetings. As the Company has previously advised, 2019 is expected to be a year where the Company will make significant progress towards its ambitions of becoming a 100,000 ounce per year gold producer. Both the Palito and Sao Chico Gold Mines are now in a steady state with gold production for 2019 expected to be in the range of 40,000 to 44,000 ounces for the year. Management are progressing the permitting process for the Coringa project acquired at the end of 2017 and the Company will progress exploration activity on its projects, in particular around the Sao Chico deposit following the very successful programmes completed during 2018.

The Company is well funded to significantly advance its immediate growth plans and it is possible that exploration at Palito and Sao Chico could provide greater expansion opportunities than are currently planned for. Meanwhile the Board remains keen to look at other opportunities within Brazil where Serabi's management can add value and enhance a project for the benefit of Serabi's shareholders.

The Board believes that opportunities to advance the development and growth of the Company may arise over the next twelve months and for this reason is requesting Shareholders to authorise the Board to issue new shares to allow the Company to pursue and commit to these opportunities quickly as and when they arise.

### Recommendation

The Directors consider that the resolutions set out in the Notice being put to the Annual General Meeting and Special Meeting are in the best interests of the Company and its Shareholders and are most likely to promote the success of the Company for the benefit of the Shareholders as a whole.

Accordingly, the Directors unanimously recommend that Shareholders vote in favour of the proposed resolutions as they intend to do in respect of their own holdings, where relevant, amounting to an aggregate of 1,262,345 Ordinary Shares, representing approximately 2.14 per cent of the Company's Ordinary Shares in issue as of the date of this Circular.

Yours faithfully

(Signed) "*Melvyn Williams*"

## MANAGEMENT INFORMATION CIRCULAR

*Unless otherwise stated, the information herein is as of May 10, 2019.*

### PROXY INSTRUCTIONS

**This management information circular (the “Circular”) is furnished in connection with the solicitation of proxies by the Board of Serabi Gold plc (the “Company”) for use at the annual general and special meeting of Ordinary Shareholders of the Company (the “AGM”) to be held at the offices of Farrer & Co LLP, 20/23 Lincoln’s Inn Fields, London WC2A 3LH, England on 14 June 2019 at 3.30 p.m. (London time) and at any adjournment or adjournments thereof, for the purposes set out in the foregoing Notice of AGM (the “Notice”).**

Resolutions 6 and 7 to be proposed at the AGM, which are normal practice for a company registered in England and Wales constitute special business under Canadian National Instrument 54-101 – Communication with Beneficial Owners of Securities of a Reporting Issuer. The meeting therefore also constitutes a Special Meeting for Canadian regulatory purposes.

Holders (“Shareholders”) of ordinary shares in the Company (the “Ordinary Shares”) may vote on all matters to come before the AGM.

The Form of Proxy enclosed with the Notice affords each Shareholder the opportunity to specify the manner in which that Shareholder’s proxy is to vote with respect to any specific item by checking the appropriate space on the Form of Proxy in order to indicate whether the Ordinary Shares registered in the Shareholder’s name shall be voted for, voted against or withheld from voting on that particular resolutions. A vote withheld will not be counted in the calculation of votes for or against any resolution in respect of which the vote is withheld.

The proxy must be signed by the holder of Ordinary Shares or each such Shareholder’s attorney duly authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Persons signing as executors, administrators, trustees or in any other representative capacity should so indicate and give their full title as such. A partnership should sign in the partnership’s name and by an authorized person(s).

A Shareholder may appoint more than one proxy in relation to the AGM, provided that each proxy is appointed to exercise the rights attaching to a different Ordinary Share or Ordinary Shares held by that Shareholder. You may not appoint more than one proxy to exercise rights attached to one Ordinary Share. Should you wish to appoint more than one proxy please contact the relevant registrar and transfer agent in good time before the AGM in order that the Forms of Proxy are received in accordance with the times set out below. Please see the Form of Proxy which has more information in relation to the manner in which a proxy may be appointed.

Unless otherwise indicated any proxy will be granted in favour of the Chairman of the AGM who will be an officer of the Company. **Each Shareholder has the right to appoint a person other than the persons named in the accompanying Form of Proxy, who need not be a Shareholder, to attend and act for him and on his behalf at the AGM.** A Shareholder wishing to appoint some other person as a representative at the AGM may do so by inserting such person’s name in the blank space provided in the Form of Proxy and delivering the completed Form of Proxy to the Company’s relevant registrar and transfer agent.

The registrar and transfer agent in Canada for the Ordinary Shares is Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, Canada.

The registrar and transfer agent in the United Kingdom for the Ordinary Shares is Computershare Investor Services PLC, The Pavilions, Bridgwater Road Bristol BS13 8AE, England.

A Form of Proxy is enclosed with the Notice. To be effective, the form of proxy and the original authority (if any) under which it is made must be deposited at the appropriate office (Canada or UK) of the Company's registrars and transfer agents and not at the offices of the Company so as to be received not later than 48 hours before the time appointed for holding the AGM (being 3.30 p.m. on 12 June 2019). An appointment of a proxy which is not received in accordance with these requirements may be invalid.

CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members and those CREST members who have appointed a service provider(s) should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "**CREST Proxy Instruction**") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications and must contain the information required for such instruction, as described in the CREST Manual ([www.euroclear.com/CREST](http://www.euroclear.com/CREST)). The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received not later than 48 hours before the time appointed for holding the AGM (being 3.30 p.m. on 12 June 2019). For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST Application Host) from which the Company's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors, or voting service providers should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider, to procure that his or her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting system providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5) (a) of the Uncertificated Securities Regulations 2001 (as amended).

**A proxy given by a Shareholder for use at the AGM may be revoked at any time prior to its use.** In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, by an officer or attorney thereof duly authorized in writing, and deposited either at the registered office of the Company or at the Company's registrar and transfer agents at least one hour before the commencement of the AGM (or any adjournment thereof) or with the Chairman of the AGM on the day of the AGM, or any adjournment thereof. The registered office of the Company is located at 66 Lincoln's Inn Fields, London WC2A 3LH, England.

Completion of the proxy does not preclude a Shareholder from subsequently attending and voting at the AGM in person if he or she so wishes. In this circumstance, the proxy appointment will be automatically terminated.

A corporation which is a Shareholder can appoint one or more corporate representatives who may exercise, on its behalf, all its powers as a Shareholder provided that no more than one corporate representative exercises powers over the same Ordinary Share.

The register of interests of the Directors and their families in the share capital of the Company and copies of contracts of services of Directors with the Company or with any of its subsidiary undertakings will be

available for inspection at the registered office of the Company during normal business hours (Saturdays, Sundays and public holidays excepted) from the date of this Circular until the conclusion of the AGM.

In accordance with the Articles and Regulation 41 of the *Uncertificated Securities Regulations 2001*, only those Shareholders entered on the Company's register of shareholders 48 hours before the start of the AGM, or, if the meeting is adjourned, Shareholders entered on the Company's register of Shareholders 48 hours before the time fixed for the adjourned AGM shall be entitled to attend and vote at the AGM.

### **MANNER IN WHICH PROXIES WILL BE VOTED**

The Chairman of the AGM will vote or withhold from voting the Ordinary Shares in respect of which he is appointed by proxy on any ballot that may be called for in accordance with the instructions of the Shareholder as indicated on the Form of Proxy and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Ordinary Shares will be voted accordingly.

**In the absence of such direction, such Ordinary Shares will be voted by the Chairman of the AGM in favour of the passing of the matters set out in the Notice.** The accompanying Form of Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice, and with respect to other matters which may properly come before the AGM or any adjournment thereof. At the date hereof, the Directors know of no such amendments, variations or other matters. **However, if any other matters should properly come before the AGM, the proxy will be voted on such matters in accordance with the best judgment of the proxy.**

### **VOTING BY BENEFICIAL SHAREHOLDERS**

**The information in this section is of significant importance to Shareholders who do not hold their Ordinary Shares in their own name and whose holdings are held through the Company's Canadian share register. Most Canadian Shareholders are "non-registered" shareholders because the Ordinary Shares they own are not registered in their names but are instead registered in the name of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as "Beneficial Shareholders") should note that only registered Shareholders or their duly appointed proxy holders are entitled to vote at the AGM.** If Ordinary Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Ordinary Shares will not be registered in such Shareholder's name on the records of the Company. Such Ordinary Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depositary Services Inc., which company acts as nominee for many Canadian brokerage firms). Ordinary Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers' clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the AGM.**

Existing regulatory policy in Canada requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Ordinary Shares are voted at the AGM. Often the form supplied to a Beneficial Shareholder by its broker is almost identical to the form of proxy provided by the Company to the registered Shareholders. However, its purpose is limited to instructing the registered Shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Ordinary Shares to be represented at the AGM. **A Beneficial Shareholder who**

receives a Broadridge voting instruction form cannot use that form to vote Ordinary Shares directly at the AGM. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of Ordinary Shares must be communicated to Broadridge well in advance of the AGM) in order to have the Ordinary Shares voted.

This Circular and accompanying materials are being sent to both registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBO’s**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBO’s**”). Subject to the provision of the Canadian Securities Administrators’ National Instrument 54-101 – Communication with Beneficial Owners of Securities of Reporting Issuers (“**NI 54-101**”), issuers may request and obtain a list of their NOBO’s from intermediaries via their transfer agents. If you are a Beneficial Shareholder, and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of Ordinary Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the Ordinary Shares on your behalf.

The Company’s OBO’s can expect to be contacted by Broadridge or their broker or their broker’s agents as set out above.

Although Beneficial Shareholders may not be recognized directly at the AGM for the purposes of voting Ordinary Shares registered in the name of their broker, a Beneficial Shareholder may attend the AGM as proxy holder for the registered Shareholder and vote the Ordinary Shares in that capacity. **Beneficial Shareholders who wish to attend the AGM and indirectly vote their Ordinary Shares as proxy holder for the registered Shareholder should enter their own names in the blank space on the proxy or voting instruction card provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

- (3) Independent director of the Company.
- (4) The information as to Ordinary Shares beneficially owned, not being within the knowledge of the Company, has been obtained from SEDI or furnished by the proposed directors individually.

IF ANY OF THE ABOVE NOMINEES IS FOR ANY REASON UNAVAILABLE TO SERVE AS A DIRECTOR OF THE COMPANY, PROXY INSTRUMENTS IN FAVOUR OF THE OFFICERS OF THE COMPANY WILL BE VOTED FOR BY ANOTHER NOMINEE IN THEIR DISCRETION UNLESS THE SHAREHOLDER HAS SPECIFIED IN THE PROXY INSTRUMENT THAT HIS, HER OR ITS ORDINARY SHARES ARE TO BE WITHHELD FROM VOTING IN RESPECT OF THE ELECTION OF DIRECTORS.

Shareholders can vote for, vote against or withhold from voting on the election of each director on an individual basis. The Board has adopted a policy which requires voting with respect to the election of directors at any meeting of Shareholders to be by individual nominee as opposed to by slate of directors, i.e. Shareholders will be asked to vote in favour of, or withhold from voting, separately for each director. The re-election of any director is by Ordinary Resolution requiring approval of more than 50% of the votes cast.

If any particular director is not re-elected at the Meeting, that director shall forthwith cease to be a director. The Board may appoint a new director to fill the vacancy.

### **3. Appointment of Auditors**

The Board proposes to appoint BDO LLP UK of 55 Baker Street, London W1U 7EU England, as auditor of the Company and to authorize the directors to fix the auditors' remuneration and terms of engagement. **In the absence of a contrary specification made in the form of proxy, the Chairman of the Meeting intends to vote for the appointment of BDO LLP UK, as auditor of the Company and to authorise the Board to fix their remuneration and terms of engagement.**

### **4. Special Business**

**The Board requests that Shareholders make available to and at the discretion of the Board, a fixed maximum amount of the unissued share capital which will permit the Board the flexibility to use the Company's shares for certain purposes or business transactions, including acquisitions, the raising of additional capital and the issue of share options or other share related incentives, without the requirement to call a separate meeting of Shareholders for the purpose of approving such transactions. The maximum amount that the Shareholders are requested to approve at the Meeting significantly exceeds the maximum amount that is usually requested by the Board at the Company's annual general meeting. The reasons for this are set out in more detail in the Chairman's letter above.**

### **Resolution 6 – authority to allot shares**

Under the Companies Act 2006, the Board may only allot unissued shares if authorised to do so by the Shareholders in general meeting. Resolution 6 provides the Board with an authority similar to that which was granted at the Annual General Meeting held 14 June 2018 to allot shares up to an aggregate value of £2,000,000 equivalent to 20,000,000 Ordinary Shares, representing 33.95% of the current shares in issue. The authority will expire at the next Annual General Meeting of the Company. **In the absence of a contrary specification made in the form of proxy, the Chairman of the Meeting intends to vote for the authorisation and empowerment of the Directors to allot equity securities.**

The full text of the proposed resolution is:

*“That for the purposes of section 551 of the Companies Act 2006 (the “Act”) the Directors be and are hereby generally and unconditionally authorised to allot shares in the Company or grant rights to subscribe for, or to convert any security into, shares in the Company, as is contemplated in sub-sections 551(1)(a) and 551(1)(b) respectively of the Act up to a maximum nominal amount of £2,000,000 provided that such authority will expire at the conclusion of the next annual general meeting of the Company (save that the Company may at any time before such expiry make an offer or agreement which might require such Shares to be allotted or Rights to be granted after such expiry and the Directors may issue and allot Shares or grant Rights in pursuance of such an offer or agreement notwithstanding that the authority hereby conferred has expired).”*

#### **Resolution 7 – authority to allot shares for cash**

The Directors may only allot shares for cash on a non-pre-emptive basis to existing shareholders in the Company if authorised to do so by the Shareholders in general meeting. This resolution provides the Board with an authority similar to that which was granted at the Annual General Meeting held 14 June 2018 to allot shares for cash and dis-applies the pre-emption rights of shareholders in respect of a number of shares equivalent to an aggregate value of £2,000,000 equivalent to 20,000,000 Ordinary Shares, representing 33.95% of the current shares in issue. **In the absence of a contrary specification made in the form of proxy, the Chairman of the Meeting intends to vote for the authorisation and empowerment of the Directors to allot equity securities for cash.**

The full text of the proposed resolution is:

*“That, subject to the passing of resolution 8 set out in the notice convening this meeting, the Directors be and are hereby empowered in accordance with section 571 of the Act to allot equity securities (as defined in section 560 of the Act) for cash, pursuant to the authority conferred on them to allot such shares or grant such rights by that resolution up to a maximum nominal value of £2,000,000 as if sub section (1) of section 561 of the Act did not apply to any such allotment.”*

#### **5. Other Business**

While the Board is not aware of any other matter to be acted upon at the Meeting other than as set out in the Notice, if any other matter properly comes before the Meeting, it is intended that the proxies hereby solicited will be exercised upon any other matter or proposal in accordance with the discretion of the persons authorized to act thereunder.

### **INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND EMPLOYEES**

No individual who is or, at any time since the beginning of the most recently completed financial year, was a director, senior officer or employee of the Company, and no person who is a proposed nominee for election as a director of the Company, and no associate of any such director, senior officer, employee or proposed nominee is or, at any time since the beginning of the last completed financial year, was indebted to the Company.

# CORPORATE GOVERNANCE

## Board of Directors

The Board of Directors is responsible for the management of the Group on behalf of its shareholders. The objective of the Group is to create long term value for shareholders, and the Board is responsible for delivering that objective by governing the Company and its subsidiaries. The Board is responsible for approving the Group strategy and policies, for safeguarding the assets of the Group, and is the ultimate decision-making body of the Group in all matters except those that are reserved for specific shareholder approval. Matters that are specifically reserved for the Board's decision include business acquisitions or disposals, authorisation of major capital expenditure and material contractual arrangements, changes to the Group's capital structure, setting policies for the conduct of business, approval of budgets, remuneration policy of Directors and senior management, and taking on debt and approval of financial statements. Other matters are delegated to the Committees of the Board and Executive Directors, supported by policies for reporting to the Board.

The Board consists of two Executive Directors who hold the key operational positions in the Group and seven Non-executive Directors (including a Non-executive Chairman), who bring a breadth of experience and knowledge.

The Board, as a matter of practice, meets at least every two to three months and is supplied with appropriate and timely information. Other meetings will be, and are, called by executive management or by any Board member when there is any matter which according to the terms of reference of the Board and the powers delegated to the Executive Directors is required to be discussed with, and considered by, the Board. In 2018, the Board met 10 times excluding the Annual General Meeting and Special Meetings of shareholders. Where appropriate, the Board invites external advisers and/or senior management to attend meetings to discuss matters where their expertise may be beneficial.

The responsibilities of the Chairman include providing leadership to the Board, ensuring its effectiveness in all aspects of its role and setting its agenda; ensuring that adequate time is available for discussion of all agenda items; ensuring that the Directors receive accurate, timely and clear information; ensuring effective communication with shareholders; promoting a culture of openness and debate by facilitating the effective contribution to the Board of Non-executive Directors in particular; and ensuring constructive relationships between the Executive and Non-executive Directors.

The Company provides independent professional and legal advice to all Directors where necessary, to ensure they are able to discharge their duties. In addition, all Board members have access to the services of the Company Secretary, who is responsible for ensuring all Board procedures are complied with.

The articles of association provide that any Director who was not appointed or re-appointed at one of the preceding two annual general meetings retire and stand for re-election. Any new Directors appointed during the period following the last Annual General Meeting, are required to stand for election at the next Annual General Meeting.

## Corporate Governance Code

The Board of Directors of Serabi monitors the business affairs of the company on behalf of shareholders. The Board currently consists of the Non – Executive Chairman, Managing Director, Finance Director and five further non-executive Directors. None of the Non-executive Directors has held an executive position with the Company in the past. The Directors have responsibility for the overall corporate governance of the company and recognise the need for the highest standards of behaviour and accountability.

The Board of directors is responsible for the stewardship of the Company through consultation with management of the Company. Any responsibility that is not delegated to management or to the committees of the board of directors remains with the board of directors, subject to the powers of the shareholders' meetings. The frequency of board of directors' meetings, as well as the nature of agenda items, varies depending on the state of the Company's affairs and in light of opportunities or risks which the Company

faces. Members of the board of directors are in frequent contact with one another and meetings of the board of directors are held as deemed necessary.

Until September 2018, companies whose shares were listed on AIM had not been obliged to formally adopt or follow a specific corporate governance code but Serabi's Board always sought, where practical and reasonable, to follow the best practice guidelines set out in the recommendations of the UK Corporate Governance Code ("**The Code**"). With effect from September 2018 it became mandatory for UK companies whose shares were listed on AIM to adopt and follow a corporate governance code and therefore since 1 September 2018, the Directors, being committed to the principles underlying best practice in corporate governance, adopted the Corporate Governance Code ("**the QCA Code**") prepared by the Quoted Companies Alliance ("**QCA**"). In addition, the Company as a result of the listing of its shares on the TSX is obliged to comply with Canadian National Policy 58-201 – Corporate Governance Guidelines which establishes corporate governance guidelines that apply to all public companies. The Company has instituted corporate governance practices that also, where practical, take consideration of these guidelines.

The Company is also subject to the UK City Code of Takeovers and Mergers.

The QCA Code sets out 10 principles of Corporate Governance that the Company should adopt. Details are set out in the Company's Annual Report for the year ended 2018, a copy of which is available on the Company's website at [www.serabigold.com](http://www.serabigold.com) and on the System for Electronic Document Analysis and Retrieval ("**SEDAR**") at [www.sedar.com](http://www.sedar.com).

For the purposes of the QCA Code four of the current directors are independent directors, namely Messrs. Williams (non-executive Chairman), Alegria, Harvey and Swett. The following are not independent by virtue of their offices with Company: Mr. Hodgson, who is the Chief Executive Officer of the Company, Mr. Line, who is the Chief Financial Officer of the Company and Mr. Rosselot who provides mining consultancy services to the Company and is also a shareholder representative of Fratelli Investments Limited, an affiliated entity of the Company. For the purposes of the QCA Code, Mr. Bañados is not independent because he is an executive officer of Fratelli Investments Limited, an affiliated entity of the Company. Similarly, Mr. Sawyer is not independent because he is an executive officer of Greenstone Management Ltd. and Greenstone Capital LLP, which respectively provide management and advisory services to Greenstone Resources II LP, an affiliated entity of the Company. For the purposes of Canadian governance guidelines, both Mr. Bañados and Mr. Sawyer are considered to be independent.

Mr. Bañados has a direct interest in 7,214 shares in the Company. Mr Bañados is the beneficial owner of 50 per cent. of the share capital of Asesorias e Inversiones Asturias Limitada which beneficially owns: (1) directly 7,983 Serabi ordinary shares; and (2) 25 per cent. of the units in Inversiones Villarrica Limitada, a private financial investment fund, which is interested in 1,107,000 Serabi ordinary shares.

Assuming that the nominees proposed by the Board are elected as directors of the Company at the Meeting, the Board will be comprised of nine directors, of whom four will be independent (Messrs. Williams (non-executive Chairman), Alegria, Harvey and Swett) and five will not be independent directors (Messrs. Hodgson, Line, Bañados, Rosselot and Sawyer). The Board is however satisfied that the Board, as a whole, is able to exercise independent judgement. The Articles of Association of the Company have already been specifically amended to restrict the role of the directors in any situation where there is considered to be a conflict of interest and requiring such conflicted director(s) to abstain from voting and participation in any meeting or voting where the matter giving rise to the conflict is to be considered. The Company has also entered into Relationship Agreements with each of Fratelli Investments Limited ("**Fratelli**") and Greenstone Resources II LP ("**Greenstone**") details of which are set out in the Annual Information Form filed by the Company on SEDAR on 29 March 2019. The Relationship Agreements *inter alia* require that (i) the Company is capable of carrying on its business independently of each of Fratelli and Greenstone; (ii) transactions between any member of the Company and any member of either Fratelli or Greenstone are made at arm's length on a normal commercial basis and approved by directors independent of Fratelli or Greenstone as appropriate; (iii) any disputes between Fratelli and /or Greenstone and any member of the Group shall be dealt with by a committee of the independent directors; (iv) the selection, approval and removal of senior management and executive directors shall be subject to the approval of a majority of the

non-executive directors of the Company; and (v) neither Fratelli nor Greenstone shall take any action as a result of which there would be fewer than two directors independent of Fratelli and Greenstone.

The Board is responsible for the stewardship of the Company through consultation with management of the Company. Any responsibility that is not delegated to management or to the committees of the Board remains with the Board, subject to the rights of the Shareholders. The frequency of Board meetings, as well as the nature of agenda items, varies depending on the state of the Company's affairs and in light of opportunities or risks which the Company faces. Members of the Board are in frequent contact with one another and meetings of the Board are held as deemed necessary.

### Meetings of the Independent Directors

The Board of the Company may meet without management when any Board meetings are held and at any other time if so requested by the Chairman. The Audit Committee and the Remuneration Committee are both comprised solely of independent directors and the Remuneration Committee will as a matter of its normal business meet without management during the course of the year. Other non-executive directors are generally invited to attend meetings of the Remuneration and Audit Committees to permit joint consideration of matters without the presence of management and whilst subject matter will generally be confined to the areas of audit, controls and remuneration the Chairman invites participation on other topics at these meetings. Accordingly forums do occur every three to four months that comprise meetings of the non-executive directors.

Certain of the directors are also directors of other reporting issuers as at the date of this document as set forth in the following table;

<i>Director</i>	<i>Other Reporting Issuer(s)</i>

### Board Mandate

The Board has adopted a written mandate that acknowledges its responsibility for the stewardship of the business and affairs of the Company. The Board shall review and assess the adequacy of the Board mandate at least annually or otherwise, as it deems appropriate, and make any necessary changes. A copy of this mandate is attached to this Circular as Schedule "A".

## **Position Descriptions**

The Board has established position descriptions for the Chairman of the Board, the Chair of each committee of the Board and the Chief Executive Officer of the Company. The Board will review these descriptions as appropriate and in particular to reflect any changing circumstances of the Company.

The Board delegates authority for the preparation of position descriptions to the Remuneration Committee who, in setting the terms of reference, will consider the current plans and circumstances of the Company, the norms that are established in the industry for those positions and the specific strengths and weaknesses of the individual.

## **Orientation and Continuing Education**

The Board is responsible for: (a) ensuring that all new directors receive a comprehensive orientation, that they fully understand the role of the Board and its committees, as well as the contribution individual directors are expected to make (including the commitment of time and resources that the Company expects from its directors) and that they understand the nature and operation of the Company's business; and (b) providing continuing education opportunities for all directors, so that individuals may maintain or enhance their skills and abilities as directors, as well as to ensure that their knowledge and understanding of the Company's business remains current. Given the size of the Company and the in-depth experience of its directors, the Company has not deemed it necessary to develop a formal process of orientation for new directors but encourages all its directors to visit the Company's operations to ensure familiarity and proper understanding. The directors conduct a discussion of the business of the Company at its meetings to ensure that new directors are provided with an overview of the Company's operations. From time to time, corporate officers and legal, financial and other experts are invited to attend Board meetings to describe matters in their areas of expertise. The Board ensures that any new Board member receives a written memorandum (the "Memorandum") prepared by the Company's lawyers setting out their responsibilities as a director and ensures that each director is conversant with the regulations of any stock exchange on which the Company's shares are traded.

Directors are entitled to attend seminars that they determine necessary to keep themselves up-to-date with current issues relevant to their services as directors of the Company.

## **Ethical Business Conduct**

All new directors are provided with a copy of the Memorandum setting out their responsibilities and duties. The Memorandum sets out the specific requirements and expectations of each Director in respect of their business conduct and ethics, including matters relating to conflicts of interest, confidentiality, inducements, gifts and the UK Bribery Act, custody of the assets and intellectual property of the business. The Board relies on its executive directors to oversee the implementation of ethical business practices on a day-to-day basis and considers that given the size of the Company and the relatively small number of employees, that the executive directors are well placed to ensure that all staff act in a professional and ethical manner.

The Memorandum provides guidance to all directors in the event of a conflict of interest. In accordance with AIM rules, the Company's nominated adviser is required to provide a formal opinion on any transactions where a director or related party has an interest. Directors are required to disclose their interests to other Board members and are not permitted to participate or vote on any matter in which a director has an interest. A copy of the Memorandum may be obtained by request marked for the attention of the Company Secretary at 30-32 Ludgate Hill, London EC4M 7DR, England.

In fulfilling its mandate and approving various decisions put forth by management, the Board ensures that the measures management take comply with Canadian securities regulations and other applicable legislation. Members of the Board are also keenly aware of their fiduciary role with the Company as well as their individual statutory and fiduciary duties in their role as directors. In exercising their powers and discharging their duties, the Board is required to act honestly and in good faith with a view to the best interests of the Company, and to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

## **Nomination of Directors**

The Company does not currently have a nomination committee. The Board as a whole is responsible for identifying and recommending candidates for the Board of the Company. The Board reviews and makes determination with respect to: (i) the size and composition of the Board; (ii) the organization and responsibilities of the appropriate committees of the Board; (iii) the evaluation process for the Board and committees of the Board and the Chairpersons of the Board and such committees; and (iv) creating a desirable balance of expertise and qualifications among Board members. In the nomination process, the Board assesses its current composition and requirements going forward in light of the stage of the Company and the skills required to ensure proper oversight of the Company and its operations.

The Board has not at this time considered that the size and complexity of the Company warrants a requirement for a separate Nomination Committee. It is currently envisaged that should any appointment be undertaken that the Remuneration Committee would fulfil the role of the Nomination Committee.

## **Remuneration Committee**

The Remuneration Committee comprises Messrs. Williams (Chair), Bañados and Harvey. Mr. Williams and Mr. Harvey are both independent directors and Mr. Bañados whilst not independent by virtue of his executive position with an affiliated entity of the Company has no executive position within the Company and is thus considered independent and objective for the purposes of the Remuneration Committee. The Remuneration Committee is responsible for determining the compensation of the management and executive, including that of the Chief Executive Officer and the Chief Financial Officer. The Remuneration Committee determines the level of compensation the Chief Executive Officer and the Chief Financial Officer are to receive on an annual basis and relies on the Company's economic performance and the responsibilities and risks involved in being an effective Chief Executive Officer and Chief Financial Officer of a gold production and development company. The Remuneration Committee considers current compensation of both the Chief Executive Officer and the Chief Financial Officer to adequately cover such responsibilities and risks.

## **Audit Committee**

Information regarding the Audit Committee is disclosed in the Company's annual information form for the year ended 31 December 2018, (the "AIF"). The AIF is available on the Company's website [www.serabigold.com](http://www.serabigold.com) and on **SEDAR** at [www.sedar.com](http://www.sedar.com). Upon request, the Company will provide a copy of the AIF free of charge to any security-holder of the Company.

## **Assessments**

The Board has determined that it shall itself be responsible for assessing the effectiveness and contributions of the Board as a whole, its committees (which currently comprise the Audit Committee and the Remuneration Committee) and individual directors. The size of the Board allows for open discussion. The Chairman has regular dialogue with the Chief Executive whereby the Board's role and effectiveness can be considered. The Finance Director also has regular dialogue with the Chair of the Audit Committee whereby that Committee's effectiveness can be considered.

No formal assessments have been prepared however the Board will keep this matter under review and especially if either the size of the Board or the number of committees increases which in turn may require a more formalised assessment and evaluation process to be established to ensure continued effectiveness.

## **Director Term Limits**

The Board has not adopted term limits for directors or other mechanisms of board renewal. The Board evaluates its performance and composition on a regular basis and will make adjustments as and when indicated. When assessing the independence of each non-executive director, length of service is one of the considerations. The Board will when assessing new appointments in the future consider the need to balance the experience and knowledge that each independent director has of the Company and its operations, with the need to ensure that independent directors can also bring new perspectives to the business.

## **Diversity and Inclusion**

The Company values diversity and is committed to providing equal treatment in all aspects of the business. This includes the governance of the Company, the composition of the Board, its employment selection processes and the promotion and development of existing employees including senior management and senior management roles.

The Company has an established and stable Board which it considers to be well suited to its fundamental objective of enhancing and preserving long-term shareholder value and ensuring that the Company conducts its business in an ethical and safe manner. The Board is considered to be of sufficient number to provide more than adequate experience and perspective to its decision-making process and given the size and nature of the Company, the Board does not consider at this time that it is appropriate to increase the size of the Board or amend its composition. The Board is however conscious of the different perspectives that individuals from different cultural backgrounds and with different work and life experiences can bring. For this reason, when considering any change to its composition it will actively seek to further increase its current diversity to become more inclusive taking into account considerations such as gender, age and ethnicity to ensure that the Board benefits from a broad range of perspectives and experiences appropriate to its activities and needs.

As the Board is not currently anticipating any change to its size or composition, it has not yet implemented a written policy regarding the identification and nomination of women directors. In the event that one of the existing members of the Board stands down from their current position, the Company will, at that time, give further consideration to the specific selection of a female member of the Board and the adoption of a formal policy relating to the positive appointment of additional female members of the Board for future opportunities.

The Board does consider that its current composition already encompasses significant diversity. Of its nine members, its membership covers three nationalities, and includes three directors with strong technical mining and geological expertise, two directors with financial backgrounds and four directors bringing investment banking and corporate finance experience. All of the board members have spent significant, and in some cases, all of their careers working within the natural resources industries. With the exception of Mr. Sawyer, who was appointed in March 2018 concurrent with the announcement of the subscription by Greenstone Resources for new ordinary shares, all of the current non-executive directors have served for periods of between five to eight years which the Board considers is an indicator of an appropriate level of turnover and renewal while maintaining continuity and knowledge.

The Board has not adopted a target regarding the number of women on the Board of Directors. The Board of Directors does expect more diversity on the Board of Directors over time and each future appointment will be made on the basis of ensuring that its Board is able to provide the widest possible experience and perspective that is consistent with achieving the highest level of professionalism and continues to enhance and preserve long-term shareholder value and ensure that the Company conducts its business in an ethical and safe manner. Today, none (zero percent) of the Company's directors are women.

In the recruitment of executives and senior management the Company always seeks to ensure that it has a broad representation and its recruitment policies reflect this. It has a small and relatively long-standing senior management team and the significant majority of the company's employees and management are based at the mining operations of Company in northern Brazil. The nature of the Company's activities and their location does create limitations on the backgrounds of the personnel that are attracted to work with the Company at all levels. Whilst it has no women in the four most senior management roles of Company including the two Executive Directors, at the next tier of management, approximately 8% of the roles are held by women. The Company has not adopted a target regarding the number of women in executive officer positions. It will continue to support the progression of women within the organization and is confident that this will allow an increasing number of women to assume management positions over time.

## EXECUTIVE COMPENSATION

During the most recently completed financial year ended December 31, 2018, the following individuals were the Named Executive Officers of the Company:

- Michael Hodgson was Chief Executive Officer;
- Clive Line was Chief Financial Officer; and
- Ulisses Melo was the General Manager Brazil.

Named Executive Officer means each of the following individuals: (a) a Chief Executive Officer; (b) a Chief Financial Officer; (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year whose compensation was, individually, more than \$150,000 for that financial year; and (d) each individual who would have been a Named Executive Officer under (c) but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

### Compensation Discussion and Analysis

The Remuneration Committee of the Board is responsible for ensuring that the Company has in place an appropriate plan for executive compensation and for making recommendations to the Board with respect to the compensation of the Company's executive officers. The Board ensures that total compensation paid to its NEOs is fair and reasonable and is consistent with the Company's compensation philosophy. The Remuneration Committee has expertise, in among other things, evaluating overall compensation policies, plans and practices, as well as setting compensation for executive officers; overseeing and administering equity compensation plans; and establishing employment, retention and severance arrangements for executive officers.

Compensation plays an important role in achieving short and long-term business objectives that ultimately drive business success. The Company's compensation philosophy is to foster entrepreneurship at all levels of the organization by making long-term equity-based incentives, through the granting of stock options, a significant component of executive compensation. This approach is based on the assumption that the performance of the Company's Share price over the long-term is an important indicator of long-term performance.

The Company's compensation philosophy and objectives are based on the following fundamental principles:

1. Compensation programs align with shareholder interests – the Company aligns the goals of executives with maximizing long-term shareholder value;
2. Performance sensitive – compensation for executive officers should be linked to operating and market performance of the Company and fluctuate with the performance; and
3. Offer market competitive compensation to attract and retain talent – the compensation program should provide market competitive pay in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest calibre.

The Company's principal goal is to create value for its shareholders. The Company's compensation philosophy is based on the objectives of linking the interests of the executive officers with both the short and long-term interests of the Company, of linking executive compensation to the performance of the Company and the individual and of compensating executive officers at a level and in manner that ensures the Company is capable of attracting, motivating and retaining individuals with exceptional executive skills. The executive compensation program is designed to encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and the long-term. Base salaries are aligned with and judged against corporations of a comparable size and stage of development within the mining industry,

thereby enabling the Company to compete for and retain executives critical to the Company’s long-term success. Incentive compensation is directly tied to corporate performance. Share ownership opportunities are provided to align the interests of executive officers with the longer term interests of shareholders.

**Elements of Executive Compensation**

The elements of compensation earned by the NEOs for the financial year ended December 31, 2018 consists of a base salary, along with annual discretionary incentive compensation in the form of a performance-based bonus, and a longer term incentive in the form of stock options.

This reflects a package consisting of a mix of compensation elements designed to provide executives with an “at risk” component of total compensation that reflects their ability to influence business outcomes and performance, and fixed elements that provide security and enable the Company to attract and retain key employees.

The following table outlines how each element of compensation aligns with the Company’s compensation philosophy.

<i>Element of compensation package</i>	<i>Purpose and link to strategy</i>	<i>Nature of review</i>
Base salary	To recognise the market value of the role, reflecting the individual’s skills, experience, authority and responsibilities, to ensure that the business can attract and retain appropriate individuals for executive and non-executive roles.	The element is reviewed annually. The Company compiles comparator data from published accounts and industry surveys of peer companies to determine the base salary for each of the Executive Directors. The Group has not used remuneration consultants.  Peer group data is also used to assess the level of fees for the Non-executive Directors.
Performance related bonus	To incentivise and reward, on an annual basis, the performance of individuals, and of the Group, using a range of financial and non-financial metrics.	Objectives and measurable targets (“KPIs”) are set, prior to the year under review, to align near-term goals with the longer term sustainable future of the Group. The short term incentive component is structured to reward not only increased value for shareholders but also performance with respect to key operational factors and non-financial goals important to long term success. At the end of each year the Committee considers if and to what extent the KPIs have been achieved and in this way establish a transparent and non-discretionary assessment of an individual’s performance and contribution to the Group. Non-executive Directors do not participate in the bonus scheme.

*Element of  
compensation package*

Share options

*Purpose and link to strategy*

To reward delivery of sustained long term improvements in shareholder returns by aligning performance directly with an increase in the fundamental measure of the generation of shareholder value.

*Nature of review*

The Board seeks to award options on an annual basis and the Company's LTIP scheme is equity settled. Options vest in three annual equal instalments with the initial vesting on the date of the award. Any option which is unexercised after a period of three years from the date of grant expires. Options are also forfeited if a holder leaves the Group before the options vest or are exercised although the Committee may exercise discretionary powers in certain circumstances. Options issued to date have not been subject to attainment of performance criteria prior to vesting or exercise. The Committee has the right to impose such criteria in respect of new awards. The Group's scheme is limited to no more than 10 per cent of the issued capital and whilst there is no maximum value to which options that may be granted in one year, nor any cap on the level than an individual may hold, the Committee exercise discretion to ensure that annual awards can be made and considers the level and value of existing awards in determining the level of new awards.

Pension provision

The provision of pension benefits is a relatively normal constituent of compensation offered by peer companies. The Group will contribute to defined contribution schemes on behalf of its executives as part of the overall remuneration package provided to an employee.

The Group does not operate any pension plans for its Executive Directors except to the minimum extent required under UK law. The level of pension contribution made to an individual's defined contribution scheme will generally be linked to an employee's base salary, though the Committee may, at its election, approve single lump sum payments which can increase the overall level of retirement benefit provided for any individual.

Other benefits

To provide costs effective and competitive remuneration benefits.

The Group provides private medical and life assurance benefits for employees and Executive Directors which may be linked to base salary.

## **Short-Term Compensation**

### ***Base Salary***

The Remuneration Committee approves ranges for base salaries for senior management of the Company based on reviews of market data from peer companies in the global mineral exploration and mining industry. The level of base salary for each employee within a specified range is determined by the level of past performance, as well as by the level of responsibility and the importance of the position to the Company. The Remuneration Committee undertakes its peer review using data gathered from publicly available information and compiles the peer group based on criteria such as market capitalisation, stage of development (currently companies already with small scale production or at a similar stage of development to the Company), location of operations. In respect of the UK based Executive Directors the peer group at the beginning of the calendar year 2018, included South American focused mining and exploration companies including Horizonte Minerals plc, Amarillo Gold Inc. Crusader Resources Limited, Jaguar Mining Inc. and Belo Sun Mining Corp. as well as giving consideration to similar sized UK based mining and development companies. The Remuneration Committee approves agreements with respect to the base salary to be paid to the CEO and the CFO. The Remuneration Committee's recommendations for such base salaries are then submitted for approval by the Board.

### ***Annual Bonus***

Senior management employees, including the executive directors, are eligible for an annual discretionary incentive award but this is dependent on the financial position of the Company. Corporate performance, as assessed by the Board, determines the aggregate amount of bonus to be paid by the Company to all eligible senior officers in respect of a fiscal year. The aggregate amount of bonus to be paid will vary with the degree to which targeted corporate performance was achieved for the period. The short-term incentive component is structured to reward not only increased value for Shareholders but also performance with respect to key operational factors and non-financial goals important to long-term success.

Individuals are, on an annual basis, set a range of areas in which their performance will be judged. As much as possible measurable criteria are established and each performance area is given a relative weighting. For 2018, performance targets were set for the specific delivery of matters, *inter alia*, the operational and cost performance of the Palito Mine and the Sao Chico Mine, compliance with all aspects of regulatory control for the Company and its subsidiaries, development of growth opportunities for the Company and relative shareholder returns. Similar targets and objectives are in place for the 2019 calendar year.

### ***Other Compensation***

The Company does not provide retirement benefits for its executive directors. Contributions paid are defined contributions to the relevant NEO's personal retirement scheme or to state operated retirement plans.

The Company has not placed a restriction on the purchase by its NEOs or other employees of financial instruments (including prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or employee. To the Company's knowledge, none of the NEOs have purchased any such financial instruments.

## **Long-Term Compensation**

The Company has no long-term incentive plans other than its incentive stock option plan ("**Options**"). Options are granted to encourage share ownership and entrepreneurship on the part of directors, senior management and other employees. Options are intended to help the Company attract and motivate an energetic, goal driven management team, and to build long-term employee loyalty and retention.

The Company believes that this long-term incentive vehicle aligns executives with Shareholders by driving growth in the share price and increasing long-term value of the Company. This is the high risk, high-return component of the executive total compensation program because stock options deliver value to an executive only if the share price is above the grant price.

Options are determined by the Board based on the recommendation of the Remuneration Committee. In monitoring or adjusting the option allotments, the Board takes into account the level of options granted for similar levels of responsibility and considers each participant based on reports received from management, its own observations on individual performance (where possible) and its assessment of individual contribution to Shareholder value, previous option grants and the objectives set for the participants. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board also makes the following determinations:

- the participants who are eligible to participate in the Plan;
- the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than the market price on the date of grant as determined in accordance with stock exchange policies;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant.

The Board makes these determinations subject to and in accordance with the provisions of the Company's incentive stock option plan. The Board reviews and approves grants of options throughout the year as deemed appropriate. See "*Securities Authorized for Issuance under Equity Compensation Plans – Stock Option Plans*".

### **Compensation Risk Management**

The Company believes that its executive compensation program does not create risk outside the Company's risk appetite. Some of the risk-management initiatives currently employed by the Company are as follows:

- Appointing a Remuneration Committee comprised of a majority of independent directors to oversee the executive compensation program;
- The use of deferred equity compensation to encourage a focus on long-term corporate performance vs. short-term results;
- Disclosure of executive compensation to stakeholders;
- Use of discretion in adjusting bonus payments up or down as the Remuneration Committee deems appropriate and recommends to the Board; and
- Ultimately complete Board accountability.

Options granted in prior years may not have been priced using the same assumptions as those used for 2018.

## Share Performance

The Board considers the overall performance of the Company's share price as a metric in assessing performance of the Company's management and in particular when making comparison with the Company's peers. The Company's share price is linked to the gold price, overall sentiment towards the gold mining sector and the economic and political outlook for Brazil. Given the size of the Company direct comparison which individual peer company's can be mis-leading so whilst the Board does take note of such relative performance it also looks at the overall performance of the share price against general indices for the industry in assessing the quality and performance of its management. The Board is also aware that exchange rate issues can have a significant effect on the earnings of the Company and take into account how exchange rates may have affected the Company's performance relative to peers and general indices. In this regard over recent years the Company's relative performance has until the last 12 months been similar too or better than some of the key composite indices which the Board considers a good indicator of the relative abilities, quality and contribution of the Company's key management personnel. The exchange rate between the Brazilian real and the US Dollar during 2018 was generally favourable for the Company but against this has been there was uncertainty in the run up to the presidential elections that were concluded in November 2018 creating uncertainty for investors. In addition junior gold mining companies continued to struggle to attract investors away from other investment opportunities in the areas of cobalt mining opportunities, cryptocurrencies, and in North America in particular, cannabis. All of this continued to weigh heavily on share price performance for the junior sector. The Board considers that the Company remains well funded and having enjoyed strong operational performance over the last 6 months in particular and with excellent production growth opportunities is well positioned to see share price performance improve should there be a general move amongst investors to increase their exposure to junior gold mining companies.

Share performance against gold price (USD and BRL) – 1 January 2018 to 8 March 2019

Share performance against industry indices – 1 January 2018 to 8 March 2019

**Termination and Change of Control Benefits**

**Michael J Hodgson**

The Company may terminate the employment contract with Mr. Hodgson by giving him no less than twelve months’ notice in writing. During the notice period time he shall be entitled to continue to receive his annual base salary, accrue entitlements to bonuses and receive other fringe benefits. Mr. Hodgson’s service contract with the Company contains no special provisions and grants no additional entitlements, beyond those set out above, or in the event of a change of control. If Mr Hodgson’s employment with the Company was terminated for any such reason as at December 31, 2018, Mr Hodgson would have received approximately US\$237,500 in total compensation (excluding benefits and any accrued holiday entitlements).

***Clive M Line***

However, during all or part of his notice period the Company may require Mr Melo not to attend his normal place of work and/or not to perform normal duties. ## DIRECTOR COMPENSATION

The director compensation programme is designed to enable the Company to attract and retain highly qualified individuals to serve as directors. Directors' compensation, which is paid only to non-executive directors, consisted of (expressed in Canadian dollars):

- An annual retainer of C\$30,000 (C\$40,000 for the Chairman),
- An annual retainer for the Audit Committee chairman of C\$7,500 and additional annual retainer for other committee chairman of C\$5,000, and
- An annual fee of C\$5,000 to members (other than the Chairman) of the Audit Committee and an annual fee of C\$3,000 to members (other than the Chairman) of the Remuneration Committee.
- A fee of C\$500 for each Board Meeting attended.

The remuneration package for Non-Executive Directors is established by the Board as a whole but Non-Executive Directors do not vote on any changes to their own fees.

Remuneration consists of a fixed fee which is set to reflect prescribed time commitments and the relative responsibilities of each Non-Executive Director on the affairs of the Group, fees payable in respect of attendance at meetings and fees payable for service on any formal committees of the Board. Additional consultancy fees are paid if the input required exceeds the anticipated levels.

Fees are benchmarked against peer companies taking into account the relative size of the boards of peer companies, their project locations and the relative complexity of the business, considering the number of projects, stages of development, financing structures and regulatory requirements.

The Non-Executive Directors currently hold share options. Whilst the award of share options by the Group to Non-executive directors is contrary to the recommendations of the Code, the Board believes that, given the nature and size of the Group and the need to conserve cash resources, it is appropriate that the remuneration of the Non-executive directors be aligned with the success and growth of the Group. The Board notes also that it is normal practice for natural resources companies listed on the Toronto Stock Exchange to award Non-executive directors share options as part of their remuneration. The Company has therefore concluded that, in order to attract Non-executive directors of an appropriate stature and experience, it is obliged to continue to permit its Non-executive directors to be involved in its equity participation plans.

### Stock Option Plans

#### *The 2011 Option Plan*

On January 28, 2011, the Company adopted the Serabi Mining 2011 Share Option Plan (the "2011 Option Plan") that reserves for issuance, pursuant to its terms, up to 10 per cent. of the number of Ordinary Shares issued and outstanding from time to time. Under the terms of the 2011 Option Plan all the options granted under the 2009 Option Awards are aggregated with all options granted under the 2011 Option Plan for the

purpose of computing the 10 per cent. limit on the options that may be granted pursuant to the 2011 Option Plan.

The purpose of the 2011 Option Plan is to attract, retain and motivate directors, officers, employees and other service providers by providing them with the opportunity, through share options, to acquire a proprietary interest in the Company and to benefit from its growth. Pursuant to the terms of the 2011 Option Plan, options may be granted based upon recommendations of the Board or a committee appointed thereby to administer the 2011 Option Plan. Options may not be transferred or charged (and any purported transfer or charge will cause the option to lapse forthwith) except, and subject also to applicable securities laws and the policies of any stock exchange upon which the Ordinary Shares may be listed or may trade from time to time: (i) on death where the personal representatives of an option holder shall be entitled to exercise the options to the extent that they had vested at the date of death prior to the first anniversary of the death of the holder, or (ii) where, subject to the approval of the Board which shall not be unreasonably withheld, such assignment is to their spouse or their children or to a trust or settlement set up for the benefit of the holder or their spouse or children. Options may be granted for a term not exceeding ten years. No person may be granted Options that under or pursuant to the 2011 Option Plan shall exceed 4 per cent. of the Ordinary Shares in issue at the date of grant. The Ordinary Shares to be purchased upon exercise of each option must be paid for in full by the grantee at the time of exercise and the 2011 Option Plan makes no provision for the Company to provide any financial assistance to the grantee to facilitate such exercise Unless otherwise directed by the Board at the date of the grant, each award shall vest as to one third on the date of grant, one third on the first anniversary of grant and the balance vesting on the second anniversary of the date of grant. The Board shall also be entitled to establish performance criteria, which may affect the vesting of the options or the rights of the holder to exercise the options.

Options may be granted under the 2011 Option Plan only to directors, officers, employees and consultants of the Company or to their permitted assigns, subject to the rules and regulations of applicable regulatory authorities and any stock exchange upon which the Ordinary Shares may be listed or may trade from time to time.

Options whether vested or not, will otherwise lapse on the earlier of the date stipulated at the date of grant and the tenth anniversary of the date of grant, or if the option holder is a bad leaver (as determined by the Board) on the date that the option holder becomes a bad leaver. If an option holder who is not a bad leaver is no longer a director, officer, employee and other service provider prior to the vesting of any option, such option shall also lapse save that, at the sole discretion of the Board, the Board may determine that such options have not lapsed and shall vest and be exercised within such period as the Board may determine. Any option that has already vested as of the date that an option holder who is not a bad leaver ceases to be a director, officer, employee and other service provider shall remain exercisable within the terms of the agreement, for a period of 120 days (or such longer period as the Board at its discretion may determine) from the date that the option holder ceases to be a director, officer, employee and other service provider.

The exercise price of options issued is to be determined by the Board but shall not be lower than the volume weighted average market price in the five day period preceding the date of grant. Upon exercise in accordance with the terms thereof, each option entitles the holder thereof to acquire one Ordinary Share. No option may be exercised unless the Company has sufficient authorized but unissued share capital and the directors have the relevant authority to allot shares free of any pre-emption rights.

Subject to the approval of any regulatory authority, if required, the Board may terminate, suspend or discontinue the 2011 Option Plan at any time and may make the following amendments or revisions to the terms of the 2011 Option Plan or an option without the approval of the Company's Shareholders:

- (a) amendments of a "housekeeping" nature;
- (b) a change to the vesting provisions of an option or the 2011 Option Plan;
- (c) a change to the termination provisions of an option or the 2011 Option Plan that does not entail an extension beyond the dates on which an option shall lapse;
- (d) the addition of, and any subsequent amendment to, a conditional exercise;

- (e) a modification of the requirements as to eligibility for participation in the 2011 Option Plan;
- (f) the addition of, and any subsequent amendment to, a financial assistance provision; and
- (g) amendments to the terms and conditions of the 2011 Option Plan necessary to ensure that the 2011 Option Plan complies with the applicable laws and regulatory requirements, including the rules of the exchange(s) on which the Ordinary Shares are listed and the rules of any applicable taxation authority, in place from time to time.

No option that has already been granted shall be amended in a manner that might be prejudicial to the option holder without the express written approval of the option holder.

The Board must seek the approval by the Company's Shareholders at a meeting duly held in accordance with applicable corporate laws and stock exchange regulations before making any increase in the maximum percentage of options which may be granted under the 2011 Option Plan, or effecting any amendments that may lead to a significant or unreasonable dilution in the issued Shares or may provide additional benefits to participants, especially insiders of the Company, at the expense of the Company and/or its Shareholders.

The Company's Shareholders at a meeting held on 15 June 2017, formally approved the grant of unallocated options under the Serabi 2011 Share Option Scheme until 15 June 2020.

### ***2009 Share Option Awards***

In December 2009, the Company granted options to directors and employees of the Company to acquire up to 95,000 Ordinary Shares exercisable at UK£3.00 pence per Ordinary Share (the "**2009 Option Awards**"). Of these grants of options, 10,000 options have lapsed and the 85,000 options outstanding represent 0.14 per cent of the Ordinary Shares in issue at the date of this Circular. Such awards were made under individual share option agreements. All of the agreements were identical with respect to the terms and conditions of the awards.

Options may not be transferred or charged (and any purported transfer or charge will cause the option to lapse forthwith) except, and subject also to applicable securities laws and the policies of any stock exchange upon which the Ordinary Shares may be listed or may trade from time to time, (i) on death where the personal representatives of an option holder shall be entitled to exercise the options to the extent that they had vested at the date of death prior to the first anniversary of the death of the holder; or (ii) to any person nominated by him on written notification of the same to the Company Secretary. Options were granted for a term not exceeding 10 years. The Ordinary Shares to be purchased upon exercise of each option must be paid for in full by the grantee at the time of exercise. Each award shall vest as to one third on the date of grant, one third on the first anniversary of grant and the balance vesting on the second anniversary of the date of grant.

Options whether vested or not, will otherwise lapse on the tenth anniversary of the date of grant, or if the option holder is a bad leaver (as determined by the Board) on the date that the option holder becomes a bad leaver. If an option holder who is not a bad leaver is no longer a director, officer, employee and other service provider prior to the vesting of any option, such option shall also lapse save that, at the sole discretion of the Board, the Board may determine that such options have not lapsed and shall vest and be exercised within such period as the Board may determine. Any option that has already vested as of the date that an option holder who is not a bad leaver ceases to be a director, officer, employee and other service provider shall remain exercisable within the terms of the agreement.
